MARNING: SAFETY RIDING RULES

PREVENT INJURIES AND DEATHS:

- NEVER LEAVE CHILD UNATTENDED. ALWAYS keep child in view when child is in vehicle. Direct adult supervision is REQUIRED.
- NEVER use on roadways, near cars, on or near steep inclines or steps, swimming pools or other bodies of water.
- ALWAYS wear shoes.
- ALWAYS sit on the seat.
- NEVER allow mor e than (1) rider in the vehicle.
- Risk of fire. Do not bybass.

The user must follow all safety rules and guidelines, or serious injury or death may occur to the user.

Always use common sense and safe practices when using the vehicle. The user must be at least 3 years old and weigh no more than 77 lbs. This product contains small parts that are for adult assembly only. Keep small children away when assembling. Remove and dispose of all protective material and plastic bags before assembly.

Riding the vehicle without a helmet. Riders must always wear a fitted helmet that complies with Australian Standard AS/NZS 2063:2008.

Do not overload the vehicle. Do not remove the weight restriction decals. Do not pull the vehicle with another vehicle or similar device.

Keep body parts such as hands, legs, hair and clothing away from moving parts. Moving parts can cause serious injury.

Do not operate near loose dirt, mud, sand or fine gravel.

Do not operate near flammable vapors (gasoline, paint thinner, acetone, etc.).

Always use the vehicle in a safe, secure environment with adult supervision.

MARNING: BATTERY SAFETY

 Battery posts, terminals and related accessories contain lead and lead compound (asic) chemicals known to the state of California to cause cancer, reproductive harm, and are toxic and corrosive. DO NOT open the battery.

Contact exposure to battery leakage (lead acid) may cause serious injury.
 Immediately contact your doctor if exposure occurs. If the chemical is on the skin, flush immediately with cool water for 15 minutes. If the chemical is swallowed, immediately give the person water or milk. Do not give water or milk if the person is vomiting or has decreased alertness. Do not induce vomiting.

 Tampering with or modifying the electric circuit system may cause shock, fire or explosion. It could permanently damage the system. Keep the charger housing closed to prevent exposed wiring, which may cause electric shock.

IMPORTANT: Before using the vehicle for the first time, the battery must be charged for a full 24 hours (no more than 30 hours).

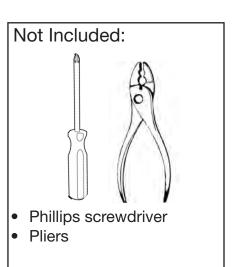

WARNING: ADULT SUPERVISION REQUIRED

- Before using the vehicle, the rider must understand the vehicle controls and safety issues.
- It is the responsibility of the adult to educate the child and to determine if the child is capable of understanding the vehicle controls.
- An adult must ALWAYS directly supervise the use of this vehicle.
- NEVER leave a child unsupervised in the vehicle.

YOU MUST CHARGE THE BATTERY FOR 24 **HOURS BEFORE THE FIRST USE!**

ONLY AN ADULT SHOULD HANDLE THE BATTERY AND CHARGER.

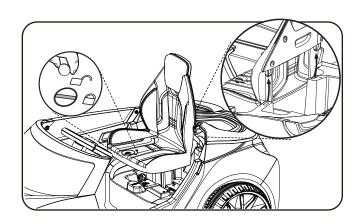

To Charge the Battery:

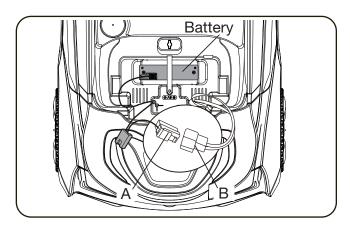

- 1. Ensure the car is stopped and turned off.
- 2. Unlock and remove the seat.
- 3. Unplug the red battery connector (A) from the red engine connector (B).
- 4. Connect the red battery connector (A) to the red battery charger connector (C) and plug (D) into a 120 V outlet.

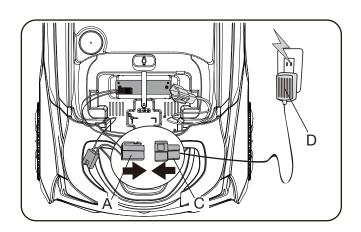

To Unplug the Battery:

- 1. Unplug the battery charger (D) from the outlet.
- 2. Unplug the red battery connector (A).
- 3. Reconnect the red battery connector (A) to the red engine connector (B).
- 4. Replace the seat and tighten lock.

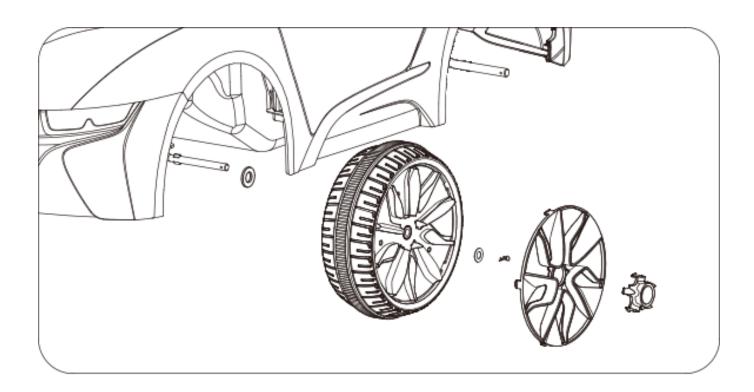

Note: It is not necessary to remove the battery for charging. However, if the battery does not reach the outlet, it can be removed for charging. For Battery Removal instructions, see Page 16.

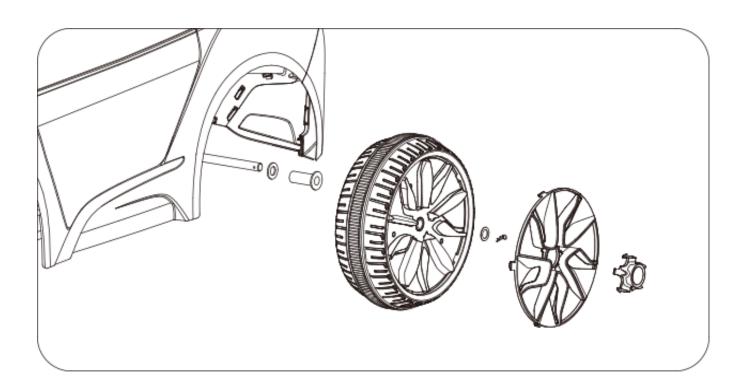

10 Assemble the Front Wheels

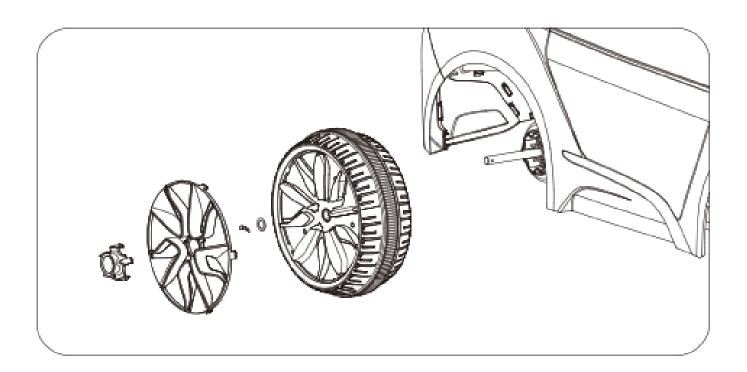

- 1. Slide the front thick washer (16) onto the axle
- 2. Slide the front wheel (10) onto the front wheel axle
- 3. Slide the thin washer (15) onto the axle
- 4. Push the straight end of the snap pin (13) into the hole on the front wheel axle to secure the parts into place
- 5. Snap the rim onto the wheel (12), and snap the hubcap (17) onto the rim
- 6. Repeat steps 1-5 for the other front wheel

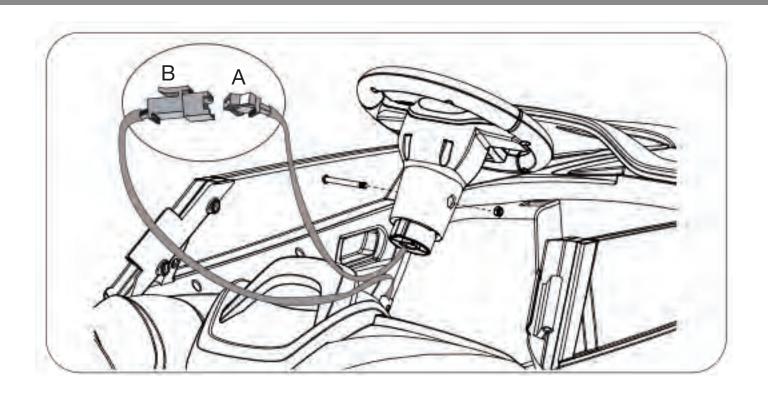

- 1. Slide the thick rear washer (14) onto the rear wheel axle
- 2. Slide the inner wheel spacer onto the rear left wheel axle
- 3. Slide the rear wheel onto the axle
- 4. Slide the thin washer onto the rear axle
- 5. Push the straight end of the snap pin (13) into the hole on the axle
- 6. Snap the rim onto the wheel, and snap the hubcap onto the rim

12 Assemble the Right Rear Wheel

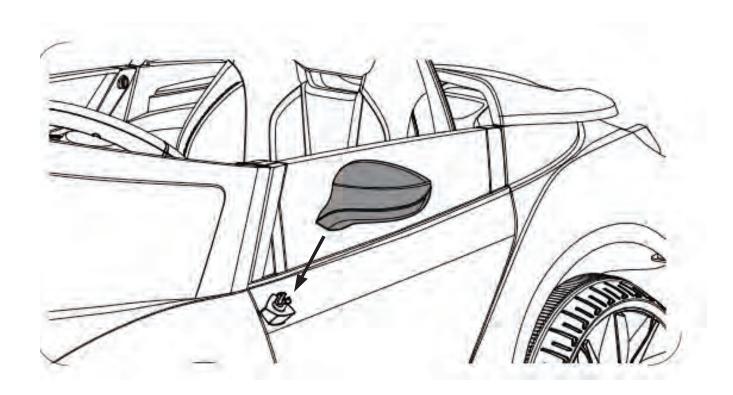

- 1. Slide the rear wheel with the gear teeth facing inward onto the right rear wheel axle
- 2. Line up the gear teeth on the wheel with the grooves on the gear box
- 3. Slide the thin washer onto the rear wheel axle
- 4. Push the straight end of the snap pin through the hole on the rear wheel axle
- 5. Snap the rim onto the wheel, and snap the hubcap onto the rim

Attach the Steering Wheel 13

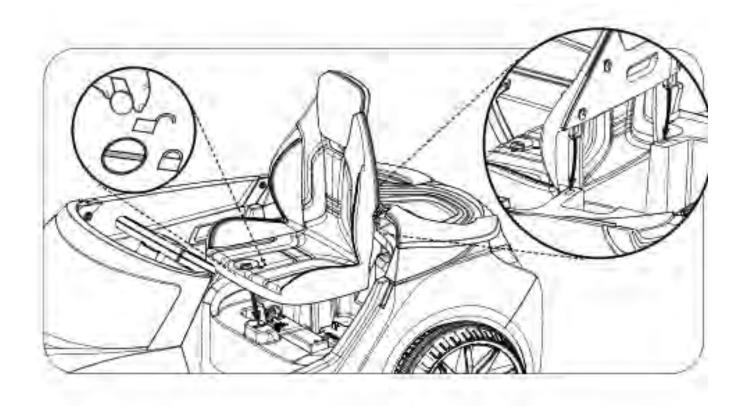

- 1. Remove the screw and nut from the steering wheel assembly (3) before attaching.
- 2. Plug the steering wheel connector (A) into the dashboard connector (B). Please pay attention not to hurt the wire when you are installing, and not to flap the steering wheel clavier.
- 3. Insert the steering wheel (3) into the steering rod, and match the screw holes of the steering wheel and the steering rod.
- 4. Insert the screw into the hole and fasten the nut to secure.

14 Attach the Mirrors

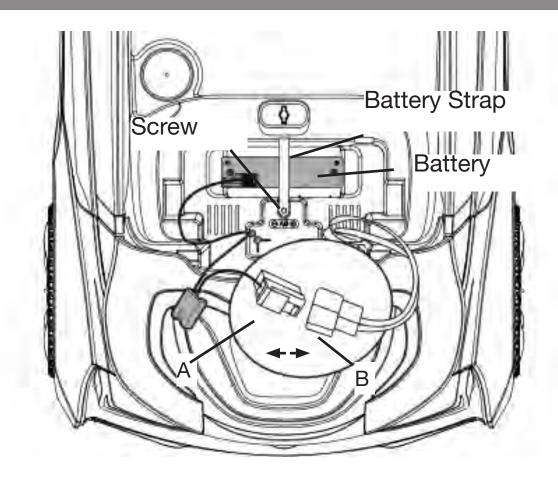

- 1. Insert the left mirror into the slot on the left door near the windshield
- 2. Push down on the mirror until it clocks into place
- 3. Repeat steps 1-2 for the right mirror

- 1. Position the seat over the battery compartment
- 2. Slide in the latches on the back of the seat into the slots on the body of the car
- 3. Turn the thumbscrew on the seat clockwise to lock it into place

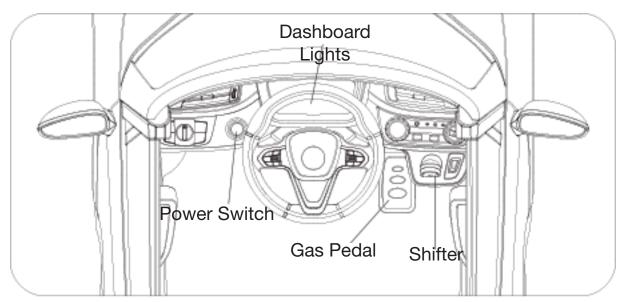

16 Battery Removal

- 1. Disconnect the red battery connector (A) from the red engine connector (B) .
- 2. Loosen and remove the screw.
- 3. Pull out the battery strap bar.
- 4. Remove the battery.

Note: It is not necessary to remove the battery for charging. However, if the battery does not reach the outlet, it can be removed for charging.

Operating Instructions 17

- Power Switch: Press the power switch to turn on the car. A power light will indicate that the car is turned on. Press the power switch to turn off the car.
- Dashboard Lights: The dashboard lights will light up when the power switch is pushed to on.
- Gas Pedal: Press the gas pedal to put the car in motion. Release to stop. The headlights will turn on when the car is moving forward.
- Shifter: Push the up to move forward, press down to move in reverse.

18 Maintenance

Important Battery and Charger Information

- Only an adult who has read and understands the safety warnings may handle and operate the battery and battery charger. Keep away from children.
- Charge the battery for 24 hours before using the vehicle for the first time.
- Charge the battery immediately after each use. Charge for at least 8-12 hours, but no more than 20 hours.
- Charge the battery at least once a month, even if the vehicle is not used or stored.
- Never leave the battery in a discharged condition.
- Connect the terminal of the battery and charger, then plug the charger into a 120V AC outlet.
- It is normal for the charger to heat slightly. If the charger rises above 71°C / 160°F, disconnect the charger and call Customer Service for assistance.
- Keep the charger away from water or excessive moisture to prevent short-circuiting.
- Only use the charger specified with the original item. Do not charge the battery with any other charger.
- Do not attempt to recharge non-rechargeable batteries with the original charger.
- Do not replace the battery with any other battery, or the warranty will be voided. If you need a replacement battery, see Page 24 for replacement information.
- Remove damaged batteries from the car immediately. Recycle or dispose of the used batteries responsibly.
- Do not short circuit the supply terminals.
- Do not leave the battery connected in the vehicle for extended periods of time when the vehicle is not being used. Disconnect the battery connector from the engine connector before storing.
- The vehicle is equipped with a thermal fuse to protect the electric circuit. If the vehicle cuts out, turn the vehicle off and on to reset.

General Care 19

- Regularly inspect all vehicle parts to ensure they are in good working condition.
- Regularly inspect the charger, cord, plug, and other related parts for damage.
- Remove any damaged parts and immediately contact Customer Service for replacement parts. See Service and Repairs on Page 24 for more information.
- DO NOT operate the vehicle if there are any damaged parts.
- Carefully clean the vehicle with a damp cloth and mild soap. Do not get water in or near any electrical parts. Do not wash the vehicle with a hose.
- Store the vehicle indoors or use a tarp to cover it. Keep away from stoves, heaters, or other sources of heat.

20 Troubleshooting Guide

| Battery makes bubbling noise while recharging | This is normal | No action required |
| Charger is warm | This is normal | No action required |

22 Service and Repairs

Do not return this vehicle to the store.

If your product requires service, repairs or replacement parts, please visit us online at www.electricrideon.com.au or call 1800224094 v

One-Year Limited Warranty

Hunter Products warrants that your BMW i8 6v will be free from defects in materials and workmanship for the vehicle (except for the 6-volt battery) for a period of 12 months, from the date of purchase. This warranty only applies where the product is completely and correctly assembled and used in accordance with all accompanying recommendations and users instructions. This warranty is in additionto your rights under the Australia Consumer Law.

Hunter Products, at its option will provide you with a refund or replacement parts for this product if the BMW i8 6v becomes defective within the warranty period. Hunter Products will bear the reasonable expense of claiming the warranty. This warranty will no longer apply where the defect is a result of an accident, misuse, abuse, neglect or other causes not arising out of defects in materials or workmanship, nor does it cover damages arising out of damages arising out of service by other than an authorised service person.

Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.

Please retain your receipt as proof of purchase and contact Hunter Products for further assistance on how to process any warranty claims.
